

Invacare® | SCOOTER ACCESSORIES

The perfect mix of comfort, safety and reliability

Rear-view Mirrors

Increases safety by giving greater all-round visibility to users.

Windscreen

Gives users greater protection in more challenging conditions.

USB Adapter

Perfect for charging your mobile or tablet on the move - just plug in and go!

Smartphone Holder

Sturdy and secure bracket which adjusts to fit and hold most modern smartphones.

Crutch / Cane Holder

Keeps a users crutch or cane secure and stable when on the move.

Walking Frame Holder

Users can securely attach and transport walking frames or rollators to the back of the scooter.

Oxygen Bottle Holder

Allows COPD sufferers to securely attach their oxygen cylinders to the scooter.

XL Front Basket

Three times larger than the standard basket, giving users extra space to carry more.

Scooter Range Accessories and Options

Deluxe and Premium Seats

Choose a Deluxe or Premium seat to increase your comfort, support and style.

Puncture Proof and Low Profile Tyres

Add an extra layer of security by adding puncture proof tyres to your scooter or, for those seeking an additional level of performance and style, choose our new low profile tyres, available in 11", 12" or 13".

Lockable Storage Box

Available for the front or rear of your scooter, these lockable boxes bring you extra storage security.

Electric Seat Raiser

Electronically increase the seat height to achieve a preferred driving height.

Large Rear Basket

Ideal for holding shopping bags, this basket securely attaches to the rear of your scooter.

Foldable Cup Holder

Ideal for carrying cans, cups or bottles, this holder can be folded away when not in use.

Quick Release Lap Belt

Enhance security on your journey with this quick release lap belt.

Steel Bumpers

Protect your scooter even further by adding our strong steel bumpers to the front and rear of it.
