8 in the Range. One Perfect for you

Mini Comfort (Lithium option available)

The **Mini Comfort / Lithium** is a portable pull-apart scooter, it features front and rear LED lighting, an easy to use Delta type tiller design and a narrow lightweight frame.

Thanks to its narrow frame, front & rear suspension and padded seat the Mini Comfort is well suited for indoor use as well as outdoor use on most surfaces.

The Mini Comfort Lithium can be dismantled into 5 simple parts allowing for easy transportation in the boot of your car.

Who does this scooter suit?

The **Mini Comfort / Lithium** is the right scooter for you if portability and easy accessibility are your main concerns. The slim design will allow you to navigate even narrow doorways and supermarket aisles with ease, while the padded seat will allow for comfortable travel on paved surfaces. The Lithium Battery will make air travel easy and convenient.

Super 8

The **Kymco Super 8** is a medium sized scooter with many desirable features.

The puncture proof soft roll tyres and the fully adjustable front and rear suspension will give you a comfortable ride on most surfaces without having to worry about getting stranded due to a puncture.

Choose from high and low speed function and use the simple dial to further adjust your speed to suit your environment.

Thanks to it's compact frame you can now go and explore new places as this scooter is suitable for use on Transperth Buses and Trains.

Who does this scooter suit?

The Kymco **Super 8** is the right scooter for you if you want to use your scooter for everyday activities such as going to the shops and attending appointments in your local neighborhood or via public transport.

Midi

The Kymco Midi is a great all-rounder. Suitable for public transport, fully adjustable suspension, easy to use dash and fully adjustable captain seat. Pneumatic tyres and a fully adjustable front and rear suspension allow for a comfortable journey. If you prefer the peace of mind knowing that you can't get a puncture, the Midi is also available with solid soft-roll tyres.

The dash has specifically been designed for ease of operation, it provides all the vital information and functionality, without unnecessary bells and whistles.

The generous in-built on-board storage that is attached to the adjustable tiller, allows for enough room for personal items and is an added bonus.

Who does this scooter suit?

The **Kymco Midi** is the right scooter for you if you want something of a medium frame, with enough power to suit urban environments. The easy to use, intuitive dash and adjustable suspension will make you fall in love with the retro-inspired all-rounder.
