FDA Approved

The Supascoota Mobility Scooter range is FDA Approved and meets all the requirements as a medical device in the United States. This means that the Supascootas have been run through high quality and rigorous testing both for safety and durability.

Patented Safety

The Supascoota's patented technology, called the Electronic Stability Control System (ESC), makes the Supascoota the only scooter on the market that reduces speed when the driver turns the scooter, reducing the risk of tipping the scooter, and preventing accidents.

Lightweight, Foldable, & Transportable

The Supascoota has become a preferred mobility scooter in the UK and Australian markets for its unique design and transportability. Its quick disassembly and folding capability, along with a simple bulk-less frame design, creates a lightweight and practical option for travelers.

Modern Australian Design

The Supascoota's Modern Australian design is a culmination of 20 years of industry experience. The bold design is a customized solution that disrupts current industry standards.

SupaScoota®

SHOPPER

ORANGE

The Shopper Model is great for anyone looking to upgrade their current scooter without breaking the bank. The single motor and excellent turning radius makes it a great option for indoor use, but can also easily be taken outdoors.

SupaScoota®

SPRINT

GOLD

The Sprint Model is most popular for travel enthusiasts. The dual motors and suspension seating make it a great option for traveling long distances. It is super lightweight and easily transportable for vacations, cruises, or simply a stroll around the park.

SupaScoota®

SPORT XL

WHITE

The Sport XL Model is designed for comfort driven off-roadie's. The larger rear wheels, longer frame, and wider seat offers a comfortable ride for long distances over uneven terrain, such as grass and smooth stone.

"My Supascoota has changed my life. My old scooter had a lot of damage on the plastic and other parts after I tipped over and fell. I was looking for a replacement scooter that I felt safe driving inside and outside the house. I love my Supascoota and I am a loyal customer."
