Battery requirements:	(2) 12V deep cycle (Gel cell type recommended)		
Battery size & weight ¹ :	40 AH: 14.7 kg (32.5 lbs.) each; 31 AH: 11.11 kg (24.5 lbs.) each		

Colours:

¹Battery weight may vary based on manufacturer

²Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tyre condition. These specifications can be subject to a variance of (+/- 10%).

³Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%).

The information contained herein is correct at the time of publication; due to Pride's commitment to constant improvement and development, we reserve the right to alter specifications without prior notice. Theoretical range is calculated under test conditions in accordance with European standards. Actual range in normal use will depend on many factors, including the condition of the vehicle and its batteries, the weight of the driver, correct tyre pressures, ambient temperature, and the gradient and surface of the road or pavement.

FEATURES

- Easy drive tiller with wraparound handles
- Ultra-simple, auto-latching lockup for quick disassembly/reassembly
- Bright, long lasting LED lights for safety
- Easily accessible tie down points (for transport of unoccupied scooter)
- Front frame-mounted seat post for optimal stability
- Front basket and rearview mirror standard
- Tiller rotation lock permits tiller to be used as a handle during transport
