S700

ADVANCED LED LIGHTING

**Powerful all-around LED lighting,
approved for road use. With lifetime
performance, changing bulbs is a
thing of the past.**

Standard on all models

INNOVATION IN DESIGN

With advanced LED lighting technology, the S-Series scooters are 400 times more energy efficient than standard bulbs, meaning more battery power and range every trip.

→ **Innovative active anti-tip wheels**

Move up as you ride over obstacles, and keep you safe on slopes. Standard on all models.

Safety as standard, S-Series models all feature rear high visibility LED indicators, position and brake lights. Standard on all models.

S400

COMPACT SCOOTER

S400

The **S400 6kph** luxury compact scooter with big features, is highly maneuverable around shopping centres or busy streets, and with the all-around suspension as standard makes every journey a comfortable one.

With **38 Ah** batteries the **S400** is ideal for trips around town, plus with the bright, energy efficient LED's lighting your way, you're just as visible on those late-night shopping trips as you are during the day.

Max Speed: **6 kph**

Colour: **Silver Metallic**

Batteries: **38 Ah**

Wheel size: **25 cm**

Max. user weight: **136 kg**

CONTROLS DESIGNED FOR YOU

Waterproof soft touch controls featuring easy to use speed adjustment, LED battery gauge and a powerful horn. Standard on all models

Unique wig-wag design means natural driving using finger or thumb control. The large ergonomically designed delta handlebar makes every journey a comfortable one. Standard on all models.

Finding your perfect driving position is a breeze with the infinitely adjustable tiller. Clever design means the headlight automatically tilts as the tiller is adjusted.

Safety and style as standard, every S-Series scooter comes with two carbon effect mirrors. Standard on all models.

The removable basket with carry handle, useful for those shopping trips. Standard on all models

S425

COMPACT OUTDOOR SCOOTER

S425

The luxury S425 crams in all of the features of its little brother, but with added power!

Taking the bright, front/rear LED lights, comfortable all-around suspension and combining it with a maximum speed of **10 kph**, the S425 is suitable for road use as well as on pavement.

The increased wheel height will help to tackle those usual outdoor obstacles, and longer journeys can be handled with ease as the larger **55 Ah** batteries will help to power your way.

Max Speed: **10 kph**

Colour: **Carbon Metallic**

Batteries: **55 Ah**

Wheel size: **30 cm**

Max. user weight: **150 kg**

LUXURY SEATING

The multi-adjustable luxury seating is designed to make every journey a comfortable one.

Standard on all models

COMFORT ON EVERY TRIP

The S-SERIES advanced seating solution, takes comfort to the highest level, from the seat height, depth and recline adjustments, to the flip up, width, angle and depth adjustable comfort armrests – every feature has been designed for comfort – for you.

→ Quick backrest angle adjustment
Standard on all models

→ Seat rotation enables comfortable transfers
Standard on all models

→ Infinite seat depth adjustable
Standard on all models

S700

PERFORMANCE OUTDOOR SCOOTERS

S700

The luxury S700, with superior outdoor performance is your perfect companion for outdoor adventures, to take you where you want to go.

There's no need to worry about distance either as the large **75 Ah** battery size will power an extended range and a top speed of **10 kph**.

The high performance design means gradients, and higher kerbs are tackled with ease and the large tyres and advanced 4-wheel suspension provides a smooth, rewarding drive each and every time.

Max Speed: **10 kph**

Colour: **Carbon / Silver / Black Metallic**

Batteries: **75 Ah**

Wheel size: **33 cm**

Max. user weight: **160 kg**
