

Classic Plus P108A

Economy Folding

Power Wheelchair

Features

Durability

- Hi-grade aluminium lightweight frame, streamline and compact design.

Convenience

- Quick-release detachable Lithium-Ion battery box with battery indication gauge and extra charging port, for charging away from the chair.
- Foldable backrest allows easy transport and storage.
- Height adjustable detachable armrests and swing in-out footrests, friendly design for getting on and off.
- back pocket provides convenient storage with reflective logo.

Additional Features

- Easy operated freewheel levers to disengage the motors.
- Double cross-braces for rigidity and strength.
- Intelligent brake, no accelerating downhill; no rolling-back during uphill stopping.
- extra upholstery pads with anti-bacteria and mildew prevention, easy to remove for cleaning.
- Polyurethane foam tires, no more flat tires.
